

## WORKPROGRAM PRIORITIES

---

*Since the Conservancy adopted its Land Acquisition Workprogram and its Improvement and Development Project Workprogram in 2000 and 2001, respectively, the evaluation criteria for both documents have been emulated and lauded within the California Resources Agency. These criteria demonstrate a viable means of quantifying a diverse set of project attributes to produce a priority ranking list. This list has served the Conservancy well in its allocation of Proposition 12 and 13 funds and in anticipation of Proposition 40 funds available in the 2002-2003 fiscal year. Of the top 25 ranked acquisition projects, the Conservancy, State Parks, and other agencies have acquired ten of them bringing more than 3,000 acres into public ownership.*

*Workprogram projects are grouped by the following planning areas that are depicted on the following maps. These maps provide the name and location of every project on the Acquisition Workprogram.*

*Workprogram projects are grouped by planning area:*

- Urban / River*
- Simi Hills*
- Western Rim of the Valley—WROV*
- Eastern Rim of the Valley—EROV*
- Western Santa Monica Mountains—WSMM*
- Eastern Santa Monica Mountains—ESMM*

## URBAN / RIVER
